

Global Citizens for Study Abroad

Welcome to Global Citizens for Study Abroad. We hope to raise awareness in students, faculty, and others about the great experience it is to travel abroad and discover other cultures. We enjoy associating with people who bring a wide range of personal experiences as we seek to learn from one another.

Global Citizens for Study Abroad is a place to interact freely with people who share a common passion for travel, cultures, and people. We have excellent activities that are fun, educational, and generally inspiring. We invite your participation in our upcoming projects, events, and activities.

Participation in Global Citizens for Study abroad is easy and free. All you have to do is send an e-mail to globalcitizensforstudyabroad@gmail.com to get on a list and receive updates on all upcoming events. Also look for us on Facebook at Global Citizens for Study Abroad.

Cook-off

Each year, Global Citizens for Study Abroad holds an International Cuisine Cook-off. Club members bring dishes they learned to make during their travels around the world, and we all enjoy the food listening to a guest speaker. We vote on our favorite dishes and give out cash prizes!

Passport to Dance

Every fall semester, Global Citizens for Study Abroad and the Kennedy Center host an international dance event called "Passport to Dance" in November. In the past, we have enjoyed pizza and an Italian soda bar while being taught dances by BYU's Folk Dancers. Everyone is welcome so bring friends!
