*Children of the director that are graduated from high school and want to participate in a study abroad or volunteer program as students will need to register and pay all the normal fees including their own airfare. If the student is able to live with the family at no additional housing costs, a housing discount will be given to the student.

**Children of the director that are graduated from high school and wanting to participate in a study abroad or volunteer program, but not as a student, will need prior approval by the director of international study programs. Also, they will be responsible to pay all expenses related to their stay including their own airfare.
