

A GREEK ODYSSEY: MYTH AND HISTORY

Crete, Sparta, Athens, Delphi, Mt. Olympus

STUDY ABROAD SUMMER 2018

Would you like to take your own odyssey through the Greek world? This program is designed to provide students intense immersion in the cultural traditions of Ancient Greece and its lasting influence on Western Civilization. This program does that by exploring the myths, history, literature, and art of the Greeks in their birthplace. Our classrooms will be London, Athens, Crete, Sparta, Olympia, and Delphi (to name a few). This will be a chance to experience the visual and literary traditions of the Classical world firsthand. Images cannot replicate the experience of seeing these places and objects in person. Students will be transformed by their personal interface with the myths and history of Greece in real time. Please contact us about the program and any questions you may have.
