

Summer Honors Program

The American Enterprise Institute’s Summer Honors Program is a series of educational and professional development opportunities for top undergraduate students. Participants connect with the ideas, research, and network of AEI—one of America’s leading think tanks—through discussion-based seminars led by AEI scholars and other experts, policy briefings with distinguished policy thinkers and practitioners, high-level networking events, and site visits throughout Washington.

Current undergraduates and recent graduates (winter 2018 or later). International students are eligible to apply. Applications from previous Summer Honors Program alumni will not be considered.

Most students will participate in a single, one-week course at the beginning of summer 2019. A select group of students will participate in a four-week opportunity, called the

Summer Honors Academy.

This is a fully funded program. Housing, meals on class days, stipends, and travel vouchers are provided.

Final deadline: Monday, 11 March 2019 (Letters of Recommendation will be accepted until Monday, 18 March)

Applications will be evaluated on a rolling basis. We encourage you to apply as soon as possible to be considered for your top course preference.
