

Student Association for Latin American Studies

SALAS

Our primary purpose is to sponsor, promote, and create activities that will enhance an understanding of Latin American culture. We provide information for career opportunities and social interactions relating to Latin America, while furthering the goals of Latin American Studies, and we also strive to serve the Latin American community in and around Provo.

MEMBERSHIP

All Latin American studies majors and minors are already considered members of SALAS, and other interested students are invited to join. There is no membership fee. Get involved with SALAS!
