Hong Kong’s track record, with its GDP growing 180 times over and its GDP per-capita growing 87 times over between 1961 and 1997, proves that Hong Kong's low taxation and free trade as a policy of positive non-interventionism has served it well. Hong Kong has one of the greatest concentrations of corporate headquarters in the Asia-Pacific region.

QS World University Rankings ranked HKUST 8th in Asia in 2019. Likewise, its MBA program ranked No. 31, Global MBA Rankings (2019). HKUST’s world class faculty members all hold PhD degrees from renowned universities across the world. With one of the largest school-level exchange programs in Asia, HKUST is a great place for students to gain international experience in a multicultural environment with global perspectives.
