Shadow physicians for 20+ hours per week, observe multiple specialties, and gain a more global perspective of medicine and health care firsthand. As you explore different medical specialties, you see the European healthcare system from the inside. Outside of the hospital, students broaden horizons by exploring Spain, and participate in educational activities designed to examine and compare various international health systems including European and U.S. systems of care. The program is an excellent opportunity for those thinking about a career in medicine, nursing, allied health, health care systems or administration, public health, or health care policy. It helps you discern if a career in health care is right for you and can fine-tune your career interests. Physician partners are prepared to host English-speaking students. Because all of the physician interactions with patients are in the host language, students who can speak Spanish will have a very rich experience. The program will be located in Zaragoza, where students will shadow doctors in the hospital and participate in local cultural and recreational excursions. Zaragoza, located in the region of Aragon in northeastern Spain, is the fifth largest Spanish city and has interesting museums, art galleries, cathedrals, plazas, theaters, shops, markets, and restaurants. The city is located approximately midway between Barcelona and Madrid, (each 1 ½ hour by train), making these two cities easily accessible for optional weekend trips. Weekend trips to Valencia, Toledo, Segovia, and San Sebastian are also possible. BYU is partnering with the Atlantis to provide this opportunity in 2020. You can learn more at www.byuglobalhealth.org

DATE
May 16 – June 12, 2020

HOUSING
Housing will be arranged by the Atlantis and will likely consist of hostel-, apartment- or dorm-styled housing sharing a room with another student.

COURSES
Students are required to complete six credits. Students chose three credits of internship (HLTH 496R*, IAS 399R, LFSCI 199R, LFSCI 399R) or Applied International Health (HLTH 481) AND three credits of either Directed Public Health Readings (HLTH 492), Health Problems Workshop: Comparative Analysis of U.S. and European Health Care Systems, Policies, and Health Outcomes (HLTH 403R), or Mentored Research (HLTH 491R). HLTH 496R* is for senior-level public health majors. It requires completion of prerequisite courses and that specific internship requirements are met. HLTH 496R is usually not suitable for Health Promotion students in this program, but may qualify for Health Science students under certain conditions.
Participants may not take any other courses on this program, including BYU Online courses, without approval by the program director and ISP.

**ELECTIVE**

Students may be interested in investigating the local culture by taking IAS 380 Cultural Proofs for 1–3 credit hours. This self-guided course allows students to do independent intercultural research, interview locals, and experience local culture.

**COST**

$4,700-5,200

This cost includes Latter-day Saint undergraduate tuition (6 credits), internship placement fees, housing, breakfast on weekdays for 4 weeks, 2-4 group meals per week in program location, international health insurance coverage, local excursions/cultural activities in program location vicinity, and some transportation. Does not include international airfare, passport, transportation not related to hospital shadowing, airport transfer to and from program housing location, international data plan, personal expenses, and most meals.

**PREPARATION**

Accepted students are required to participate in an international preparation course (IAS 369R, 1 credit hour). This second-block evening course will be held during winter semester. Accompanying spouses need to be credit-bearing participants on the program. Spouses will also need to apply online and take the preparation course.

**FUNDING SOURCES**

Regular BYU tuition scholarships, Pell Grants, and Federal Insured Student Loans may be applied to study abroad programs. Academic departments and colleges may assist with scholarships and grants. Private grants and scholarships outside of BYU may also assist (see kennedy.byu.edu/student/scholarships).

**APPLICATION PROCESS**

Priority Deadline: 2 December 2019. Applications will remain open until program is filled. Final deadline is anticipated to be 1 February 2020. Complete the online application at kennedy.byu.edu/apply. The application requires a $35 fee. Applicants will be interviewed once the application is complete. Students will be notified via e-mail of their acceptance into the BYU program. Spanish language proficiency is not required, but those with language proficiency will be given higher consideration. Accepted students will be required to also complete on-line application and pre-departure materials for Atlantis.

**FACULTY**

Randy M Page, Director of the Global Health Internship Program and Professor of Health Science is the faculty director for the program. Tana Page, Adjunct Faculty in the Department of Health Science, will be the Assistant Director.

**SCHEDULE AND TIME COMMITMENT**

Students will be in Portugal approximately 4 weeks. Students will be required to complete academic assignments prior to this time and upon returning home from the program. Students are to arrive in Zaragoza on Saturday May 16.
