MISSION
The Winter 2022 program at the London Centre, A New Grand Tour: Art, Music, and Culture in the Heart of London, offers a unique opportunity to study music, art, and English culture with a richness that can only come through on-site instruction, in-depth study, and personal experience. Centered in and around London, classes will be structured in a way of gaining the most from the setting, requiring students to study on site in many of the world’s best museums and concert halls. In keeping with the Grand Tour of the past, it will take a holistic approach to education that will combine exploration, learning, and self-reflection, which will further their intellectual and spiritual growth and enrich their lives. This study abroad program will seek to capture the essential qualities of a Grand Tour, which encourages and requires students to explore the arts and by so doing explore who and what they are.

DATES
6 January–13 April 2022 (approximately)

HOUSING AND FOOD
Students and faculty reside in the BYU London Centre—two adjoining Victorian townhouses on Palace Court in an upscale London neighborhood. The Centre provides breakfast and dinner Sunday through Friday and has free laundry facilities, and Wi-Fi access.

MEALS AT THE LONDON CENTRE
All dinners and breakfasts at the London Centre are prepared and served communally. Student participants are required to help in food preparation and clean-up. Because of the communal nature of the meals, the BYU London Centre cannot meet special dietary needs nor can it ensure a safe environment for those with food allergies. Please also note that other than a communal microwave, students do not have accommodations in the Centre for meal preparation and may not bring their own accommodations to the Centre to prepare food for themselves. If you have dietary or allergy concerns, we recommend that you speak with the International Study Programs office before you apply.

Accepted students will be required to register for 12 credit hours, which consist of the following paired courses taught and cotaught by James Swensen and Alex Woods:
