| Biology & Ecology of Food in the Mediterranean: Italy and Greece (SA) Spring—AR | Life Sciences Plant and Wildlife Sciences | Italy; Greece | • This study abroad will have a dual focus on the impacts of our food choices on human health and the sustainability of Earth’s ecosystems  
  • Learning experiences will include the farm to table experience of harvesting, cooking and eating in the villages we visit. Through our experiences students will be linking how food culture and experience affects our biology: overall health, sleep patterns, immune system function, digestion and disease outcomes.  
  • Students will stay in hotels |
| Europe Public Health (SA) Summer—AR             | Life Sciences Health Science | Netherlands; Spain; England; France; Germany; Luxembourg | • Conduct interviews with local residents and observe environments, health behaviors, and lifestyle  
  • Observe how public health programs and policies in Europe contribute to overall health of populations  
  • Learn innovative approaches to tackling public health challenges  
  • Stay in hotels |
| From Glaciers to Coral Reefs: Island Biogeography of the South Pacific (SA) Spring—AR | Life Sciences | New Zealand, Samoa, Fiji | • Students will spend time RV’ing, and kayaking, hiking, and glacier traversing across New Zealand’s spectacular South Island;  
• Students will also explore the oceans, forests, and people of Western and American Samoa by participating in a near-peer, service-orientated education experience with Pacific Islanders; and snorkeling coral reefs of three sparsely inhabited islands in Fiji.  
• Housing includes RVs, fales on the beach, houses located on the LDS Church College Campus, and luxury beach-front hotels. All housing will be arranged by BYU International Study Programs. |
| --- | --- | --- | --- |
| Ghana Unite For Sight (I) Spring—AR | Life Sciences  
Global Health, Public Health, Premedical, NGO Management, and Social/Health Entrepreneurship Internships | Accra; Kumasi | • Partnering with Unite For Sight in Ghana for a six-week internship  
• Public health exposure/experience in resource-poor settings  
• NGO management opportunities, sustainable healthcare, and foreign/local doctor and community engagement  
• Pre-health and medical student clinical support options  
• Stay in Unite For Sight lodging (either a hotel or guest house) |
| Greece Health Care (I) Spring—AR | Life Sciences  
Health Sciences | Greece | • In partnership with Atlantis  
• Students will spend about twenty-five hours per week shadowing |

| Identifying Emerging Disease in India (I)   | Life Sciences       | New Delhi, India       | • Students will travel to India, isolate DNA from local sources such as rivers and lakes and then return to BYU to identify antibiotic-resistant genes present in the DNA, giving us an understanding of emerging disease before it hits the clinic. In addition, we will be taking samples from which to harvest bacteriophages, viruses that can infect and kill antibiotic-resistant bacteria.  
• This internship is research based  
• Students will stay in hotels in Paris and New Delhi and apartments in Gwalior. Accommodations will also be provided during outings to the Ganges river. |
| International Biology – Brazil (I)          | Life Sciences       | Belo Horizonte, Brazil  | • Students will participate in a large project to study fish passage through dams on the Verde River located east of Campo Grande.  
• They will spend 10 days gathering samples at the dam site, and then will process those samples for 8 weeks at the Federal University of Minas Gerais in Belo Horizonte.  
• Housing may be a dorm of apartment. Students may be sharing |

European doctors in hospitals, exploring different medical specialties, and seeing the European healthcare system from the inside  
• Housing will be arranged by Atlantis

How Can I Fund My Study Abroad?

1. **BYU Academic Scholarships** may be applied to BYU international study programs in order to help cover the tuition portion of study abroad costs. The link to the application may be found at: https://financialaid.byu.edu/applying-for-scholarships.

2. Funds received from **federal financial aid programs** (Stafford & PLUS loans, Pell Grants, etc.) can be used to help cover costs to study abroad. You can apply for federal aid by going to fafsa.ed.gov. Check to make sure you are enrolled in the correct number of hours while abroad.

3. **ISP Program Discount**. Some students qualify for this discount. To qualify, you must be a BYU–Provo undergraduate student, have at least a 3.0 GPA, and have a current FAFSA on file with BYU. This is a needs-based scholarship that awards from $0 to $1,000. On your study abroad application, click the link that says “I would like to be considered for financial aid,” then fill out the prompt to write a short paragraph of why you need financial aid.

4. Check with your **department**. Your advisement center can make you aware of scholarships that are specific to your major or minor, and sometimes they have some money set aside specifically for students going on study abroad programs.

5. The **Kennedy Center website** has a list of several scholarships: http://kennedy.byu.edu/ispscholarships/. This is a list of select, globally-focused scholarships you may qualify for. Some of these are prestigious scholarships that require a more extensive application process, but generally equate with more financial aid.

7. **Come in to our office, HRCB 101**. We have some printed materials that you can take that have suggestions on how to fund study abroad programs (i.e., fund-raising by using Go Fund Me, etc.). In addition, we have a Financial Resources Binder that has tons of scholarship possibilities inside and outside of BYU that study abroad students have used in the past.

8. **BYU Financial Aid Office**: This office has lots of resources and can answer many of your questions. D-155 ASB, (801) 422-4104, or financialaid.byu.edu. (Be sure to look at the Study Abroad link in the side bar).

9. **Diversity Abroad**. Diversity Abroad is not through BYU, but their website lists several scholarships outside of BYU that you can apply for: diversityabroad.com/scholarships/.

10. Work an **on-campus job**! Check out studentjobs.byu.edu.

11. **Save, save, save!**
